Amusement Ride Foam Removal, Oilfield Containment Liners, Structural Base Encapsulation

**NOTABLE CUSTOMERS:**

Palace Entertainment, Six Flags, Zamperla

**ATTRIBUTES**

CHEMICAL RESISTANCE

LONG LIFE EXPECTANCY

MOLD & MILDEW INHIBITOR

UV STABILITY

## Creative Strategy

**SIZE & COMPLEXITY**

- Blasting Services: 72" x 120" x 48"
- Foam Removal Oven: 72" x 120" x 48"
- Coating Services: 180"x 240" x 72"

**MATERIAL TREATMENTS**

- Bead Blasting
- Burn Removal
- Coatings
- Sand Blasting

**SURFACE FINISH**

As materials pass through the cutting areas of milling and routing machines machine, the blades excavate bits of material at uniform intervals therefore creating ridges, known as a milled surface displaying tool marks. In addition, other restorative applications such as foam and coating removal can leave an unfinished surface. Secondary finish processes provide alternate solutions.

- Bead Blasting: Smooth to Course Matte Finish
- Sand Blasting: Smooth to Course Matte Finish
- Powder coat, primer and paint
